

| Enclosure Part #                     | AL2                                          | AL5                           |
|--------------------------------------|----------------------------------------------|-------------------------------|
| Enclosure Size (Inside Dimensions)   | H W D 22" 16" 14"                            | H W D 30" 22" 13"             |
| Enclosure Weight                     | 13 LBS                                       | 33 LBS                        |
| Material                             | Powder Coated Aluminum                       |                               |
| Lockable                             | Lockable with Padlock (Padlock not Included) |                               |
| Mounting System                      | Integrated Mounting System (Included)        |                               |
| *Lithium Battery Capacity            | 240 Ah Equal to 480 Ah of SLA                | 480 Ah Equal to 960 Ah of SLA |
| SLA Battery Capacity (12V Batteries) | 200 Ah                                       | 500 Ah                        |

\* Energy available in Lithium is about double that of Sealed Lead Acid do to the fact that you can use 80-90% of stored power in a Lithium battery but only 50% in a Sealed Lead Acid Battery.
